

Did you know the skin is your body's largest organ? Because of its large surface area, the skin can soak in many types of toxins and petrochemicals. This can result in disease causing compounds leaching into the body, clogging pores and accumulating in your fat cells. In recent years, science has begun to realize the important role skin plays in maintaining good health. For example, Consider how many "transdermal patches" are available today?

Did you know your skin can create unhealthy conditions in your body when your pores do not function properly? When this break down occurs, septic conditions flourish which in turn causes your body to become more toxic.

Did you know dehydration has much to do with the health of your skin? Whenever tissue begins to dehydrate, it starts to replace the water layer between cells with oils and fats to conserve the remaining water and minerals. When you drink everything but pure water, this process continues until the electrical potential of the skin cell is changed from positive to negative, or water intake is significantly increased.

Now there is a technology that will help your body facilitate a change in your skins respiration process! This technology uses a unique energy that obeys laws of both electricity and optics. The Miracle II products use this "Eloptic" energy to assist your body to open its pores and restore proper elimination by stimulating the pore switching mechanism with negative electrical charges. In manufacturing, the "Zeta Potential" of the water borne surfactant is raised, which in turn creates electrical charges that are stored at the interface between the water and the surfactant.

The Zeta Potential is the electrical kinetic potential which indicates the effective charge of the colloids. Colloids are materials composed of tiny particles of one substance that are dispersed into another. (In this case, minerals in water.) A surfactant is a surface active agent that is added to a liquid to reduce its surface tension thereby increasing its spreading and wetting. In other words, Miracle II has the ability to make water wetter. When the soap is applied to the skin, the pores open, allowing water and the reformed surfactant to enter the pores. The Neutralizer assists your body internally by reducing the surface tension of the water you drink so your body can better hydrate your cells!

Simply put, the Miracle II products assist your body to cleanse itself internally and externally through the use of electrically formulated water and minerals. In addition, the products supply essential elements to the body so it can restore proper functioning at the cellular level, balance fluids in the bloodstream, and achieve proper absorption of nutrients.

If you are deeply concerned about wellness, you owe it to yourself and your loved ones to try these products. Remember, healthy skin is your first line of defense against harmful substances, infection, and dehydration!

# Miracle II Soap

With it's "ELOPTIC" Energy and ALKALINE pH, Miracle II soap helps your skin "breathe" easier. It does this by unblocking clogged pores so your body can better eliminate toxins. In addition Miracle II soap can also be used in place of numerous household and general purpose cleaners.

**Contains:** Electrically engineered eloptic energized stabilized oxygenated water, ash of dedecyl solution - derived from the coconut hull, dehydriethylamine, calcium, potassium, magnesium, foaming agent (coconut oil).

Eloptic Energy: A field or charge of energy applied to an element to energize it electrically, magnetically or optically.

# Miracle II Moisturizing Soap

A combination of Miracle II Soap and Skin Moisturizer perfect for body and hair care, this amazing formula gently cleanses and helps maintain the natural oils in your body. Makes a great shaving cream. After shaving, apply gel and moisturizer and you will begin to develop a youthful glow!

**Contains:** Same ingredients as Miracle II Soap with cold pressed avocado, almond, olive & coconut oils, Vitamin E.

**No Animal By-product  
No Animal Testing**

# Miracle II Neutralizer

Neutralizer is the most unique of all the Miracle II product line. The properties found in Neutralizer allow it to be used internally and externally. Thousands of users have indicated that it supports their body in the following ways:

- Assists the body's detoxification process.
- Helps balance acidic conditions.
- Supports healthy skin processes.
- Neutralizes toxins.
- Supports healthy digestion.

**Contains:** Electrically engineered eloptic energized stabilized oxygenated water, ash of dedecyl solution, calcium, potassium, magnesium.

# Miracle II Skin Moisturizer

You will feel an immediate difference in the texture of this lotion. The eloptic energy, natural oils and emollients create a beautiful combination that is both nourishing and moisturizing for your skin. This lotion is both greaseless and fragrance free.

**Contains:** Electrically engineered eloptic energized stabilized oxygenated water, cold pressed avocado, almond, olive & coconut oils, Vitamin E.

# Miracle II Gel

This versatile product is designed to hold a stronger form of Neutralizer in one area for a longer period of time. It is also used as a tooth-paste, aftershave and hair gel. Product user experience indicates that Miracle II Gel can be safely applied to the skin. Apply to your face after bathing and shaving to renew your youthful glow!

**Contains:** Same as Miracle II Neutralizer in gel form, 4 times the strength of Neutralizer.

# Miracle II Eloptic Energized Massage & Laundry Ball

A soft rubber spiked ball filled with Neutralizer and Soap designed to be used for massage and assist in cleaning your clothes. Many people report a soothing effect from massaging with the ball, but as an added bonus it can be used to help clean clothing and reduce chemical build up in your clothing.

Try it and see, Let your clothes be chemical free!

- Will not damage fabrics
- Carries a three year FREE replacement guarantee.

**No matter what your situation, your body operates better when your skin can breathe and work as it was designed to.**

With the vast increase of degenerative diseases and thousands of new chemicals introduced into our environment each year, could there be a better time than **now** to lead a more healthy lifestyle?
